- Excellent Communication & Training
- Complex Problem-Solving
- Teamwork & Collaboration
- Adaptability

Professional Summary

Highly motivated and results-driven Computer Science graduate (Second Class Upper) with a strong foundation in modern web technologies, including "React, TypeScript, JavaScript, and PHP". Proven ability to contribute to full-stack web solutions, design responsive UI/UX, and rapidly learn new technologies. Seeking to leverage technical skills and practical project experience in a dynamic Junior Software Developer role.

<> Technical Skills

Frontend:

HTML5 CSS3 JavaScript (ES6+) React TypeScript Bootstrap

Backend/Database:

PHP MySQL MongoDB NodeJS

Design/Tools:

Figma Adobe XD Git/GitHub VS Code

Professional Experience

FullStack Developer & Trainer

GlobalTech World Computer Institute, Ikorodu, Lagos | May 2024 – October 2024

- Led the development and deployment of a new e-learning platform, improving digital resource access and learning flow for "50+ students".
- Trained 30+ students in fundamental software development skills, covering both web application creation and technical concepts.
- Contributed to all phases of the platform's development lifecycle, from initial concept and UI design to testing and deployment.

Selected Projects

GlobalTech Microfinance Mobile Bank (Ongoing)

Mobile Application Development

- Currently building a cross-platform mobile bank using React Native for the frontend and a PHP/MySQL backend.
- Designing and implementing core banking features including real-time transaction logging, secure login, and user account management.
- Expected to serve 1,000+ potential clients upon launch.

UI/UX Design Portfolio

Responsive Web Design Practice

- Designed high-fidelity user interfaces for major platforms including JAMB website, AliExpress, Bookings.com, European American University, and Westcliff University.
- Focused on creating user-centric, responsive, and aesthetically pleasing mockups to demonstrate proficiency in UI/UX principles and design tooling.
- Link to Portfolio: **[WILL SOON BE LIVE..]**

Education & Academics
